About PSIT

Since its inception in 2004, PSIT has been a frontrunner in the field of education with numerous achievements to its name. PSIT believes in strengthening the foundation of the students. PSIT offers various courses in Engineering, Pharmaceutical Sciences, Business Management and Computer Applications. All departments, with their dynamic community of students and distinguished faculty, offer premium undergraduate and postgraduate programs. State of the art facilities and a sprawling 80 acres campus nestled amid sylvan surroundings accelerate the learning process.

The institute provides a stimulating environment for intellectual development, free-thinking, and personal growth. The academic setup challenges its students with dynamic learning opportunities. We equip them with the skills, insights, attitudes, and practical experiences to take up responsibilities in their careers and life.

The PSIT campus is an architectural marvel. Designed as the best environment-friendly campus in North India, we are committed to providing our students a clean and healthy environment. Our infrastructure which includes an auditorium, modern workshops, high-tech labs, spacious seminar halls and well stocked libraries can compete with the best campuses. Internet access at 1 Gbps (STM -1), a 24 × 7 Power Backup enabled through 33KV Power Line fuel our thirst for knowledge. Our fleet of 30 air-conditioned buses ensures an efficient transportation network discerning citizens.

CELEBRITY

THIS SEASON

Harshit Saxena is an Indian Playback Singer and Composer. His debut was as music director for the film Murder2.

Harshit won the 'Music Composer Award' in 2012 at Music Mirchi Awards for his song "Haal-E-Dil" from Murder2.

Harshit Saxena

Lagori

Combining Rock, Funk, Pop and Indian Classical inflections Lagori creates a sound that is rich, young, hip, honest and completely infectious! Pronounced 'La-go-ree', the band gets its name from the popular street game played in South India.

Ignitia is PSIT's the most grand and breathtaking display of exquisite talents and formidable skills. The annual Techno-Cultural Fest has established itself as a legacy where everyone looks forward to coming together - be it, competing or enjoying. Offering a rich blend of Music, Art, Dance, Theatrics, Photography, Technical and numerous other skills, Ignitia promises an exuberant garland of cultural diversity, technology, learning and never-ending entertainment.

Continuing with the tradition of providing an academically and culturally stimulating atmosphere, we hope to build on the grand success of Ignitia 2K23 and make this year's fest an even better experience.

**Technical
Events**

**Social
Events**

The prime focus of our institution is to create a thirst for knowledge and determination to succeed in the minds of our students. While realizing the importance of personality development as a pre-requisite for professional success, we are very conservative to retain the traditional values of discipline, respect and sincerity in all their endeavors. Ignitia is an event which provides ample opportunities for professional growth & development of interpersonal skills.

Mr. Pranveer Singh
Chairman - PSIT

A thriving nation is built by prosperous and content citizens. But what exactly helps you succeed, accomplish your objectives, and carry out your duty to live a contented and happy life? Good education and the right track are the only things that can lay such a solid foundation. Above all, we work to make sure that our students graduate as complete people, not merely academically gifted individuals. I want our students to be distinctive, creative and carve their own niche wherever they go. We anticipate that they will be motivated by Ignitia to fulfil a demanding curriculum and reach their full potential. I extend my warmest wishes for Ignitia's success this year.

Mr. Abhijeet Singh
Associate Vice President
PSIT

P SIT adopts wide-ranging instructional methods to introduce students to analytical, critical and innovative thinking patterns so as to enhance their potential to face the real-world challenges with the right combination of spirit and skills. In this competitive market place, everyone should enhance his/her skills and knowledge continuously to deal with ever-changing needs and bring out the best in themselves. Ignitia is the perfect platform to bring out the best in our students & enable them to stand out from the crowd.

Ms. Arti Saxena
